GRATEFUL AND COMFORTING.

"By a thorough knowledge of the natural laws which govern the operation of digention and nutrition, and by a caroful application of the fine proferries of well selected cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage, which may save us many heavy doctor's bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtic maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fated shart by keeping ourselves well fortified with pure blood and properly mourished frame."—Civil Service Gazette.
